Fun Facts About August

The word "auger" is derived from August; a hole digging tool, because farmers dug for next season at this time every year.

August was named in honor of Augustus Caesar. It has 31 days because Augustus wanted as many days as Julius Caesar's month of July had. The extra day was taken from the month of February.

August is shared by the astrological signs of Leo the Lion and Virgo the Virgin.

'August' is the only name of a month that features among the top 1,000 men's names. April, Maya and June are all in the women's top 1,000.
